UNIVERSITY OF WATERLOO | WATERLOO INSTITUTE FOR nanotechnology

Canada's Largest Nanotechnology Institute

WIN SUMMER SCHOOL

ON MED-TECH & SUSTAINABLE NANOTECHNOLOGY

June 2 - 4, 2025

APPLICATION DEADLINE: APRIL 28, 2025

Free Tuition, Free Accommodation, and $500 for Travel Support

Open to Canadian Undergraduate students in STEM! (must be a Canadian Citizen or Permanent Resident to apply)

Limited spots available. Apply now!

SPOTS RESERVED for University of Waterloo Faculty of Health Undergraduate students.

LECTURES

Knowledge of nanotec, mentored by researchers, meet the Professors

TOURS

Tour our state-of the art laboratories, start-ups, incubation facilities, and industrial innovative companies

ENTREPRENEURSHIP

Show your skills and present your business ideas

TOPIC AREAS INCLUDE:

- SMART AND FUNCTIONAL MATERIALS
- CONNECTED DEVICES
- NEXT GENERATION ENERGY SYSTEMS
- THERAPEUTICS AND THERANOSTICS

SUSTAINABLE DEVELOPMENT GOALS

WIN SUMMER SCHOOL

ON MED-TECH & SUSTAINABLE NANOTECHNOLOGY

LEARN ABOUT RESEARCH FROM THESE WIN MEMBERS AND THEIR RESEARCH TEAMS

Dayan Ban
Professor,
Electrical and Computer Engineering

Malah Poudineh
Assistant Professor,
Electrical and Computer Engineering

Melanie Campbell
Professor,
Physics and Astronomy

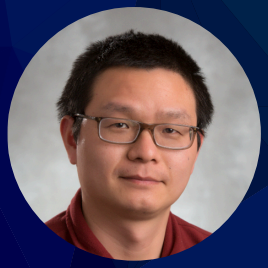
Armaghan Salehian
Associate Professor,
Mechanical and Mechatronics Engineering

Juewen Liu
Professor,
Chemistry

Leonardo Simon
Professor,
Chemical Engineering

Raafat Mansour
Professor,
Electrical and Computer Engineering

Michael Tam
Professor,
Chemical Engineering



Peng Peng
Assistant Professor,
Mechanical and Mechatronics Engineering

Yimin Wu
Assistant Professor,
Mechanical and Mechatronics Engineering
