Buyers Guide to Sit/Stand in the Office

- 1) Does one height-adjustable (HA) solution fit all?
- 2) What should be considered when evaluating integrating HA in your workplace?

Does one height-adjustable solution *fit* all?

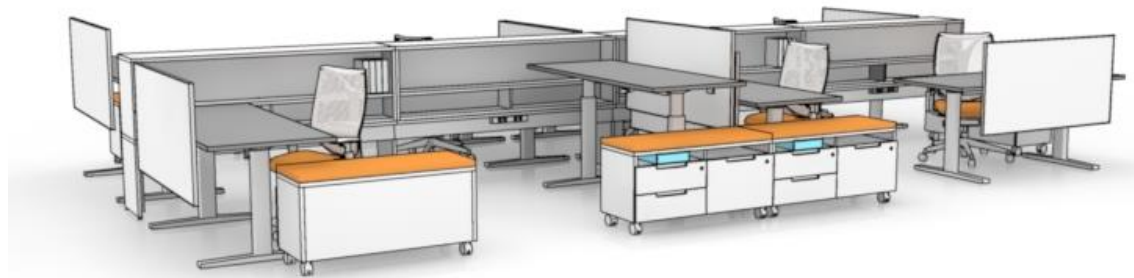

- Define your goals and prioritize
- Define your target user group
- Define the application
- Know your budget
- Design Does Matter

Now you can define what “FIT” means to you.

What should be considered when evaluating integrating HA into your workplace?

- Your definition of “Fit”
- Opinion (4 S’s)
- Product Application
- Technology & Tools
- Planned Outliers
- Training Builds Success
