

SELF-GUIDED CAMPUS TOUR

1

SOUTH CAMPUS HALL (SCH)

Show the world your black and gold with your new Warriors clothing. Have a chef prepare your lunch, unleash your own Life of Pi at the Writing Centre or load up with the latest books – for class or for fun! Explore entrepreneurship and turn your ideas into reality at a Velocity event or the student creator space located here.

2

WILLIAM M. TATHAM CENTRE FOR CO-OPERATIVE EDUCATION AND CAREER ACTION (TC)

Named after a Waterloo grad who credits co-op for giving him his start in business, the centre supports thousands of co-op students each term. Career advisors also help students, alumni and employees with career planning, work search methods, preparation for graduate and professional school and more.

3

DANA PORTER LIBRARY (LIB)

You'll find more than books in this campus landmark. Located at the heart of campus, Dana Porter, our largest library, is one of the best places for help with your research and offers lots of quiet study space. Grab a snack in the coffee shop and then head off to find subject librarians, study rooms, a rare book collection and more!

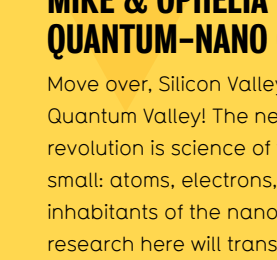

4

CENTRE FOR ENVIRONMENTAL AND INFORMATION TECHNOLOGY (EIT)

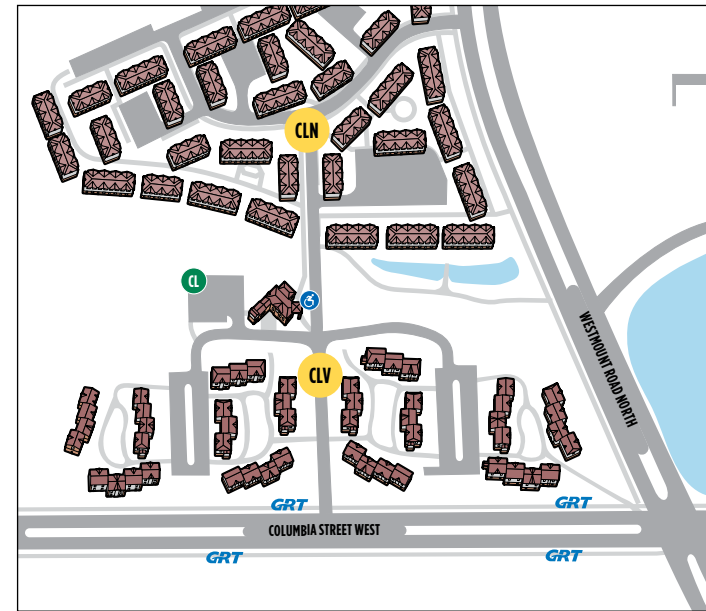

Go underground in a replica mining tunnel, search for dinosaurs or gain a new perspective on the Great Lakes. Elsewhere on campus, anatomy and language labs, a student design centre, a fine arts studio and more helps students get valuable hands-on experience.

5

MIKE & OPHELIA LAZARIDIS QUANTUM-NANO CENTRE (QNC)

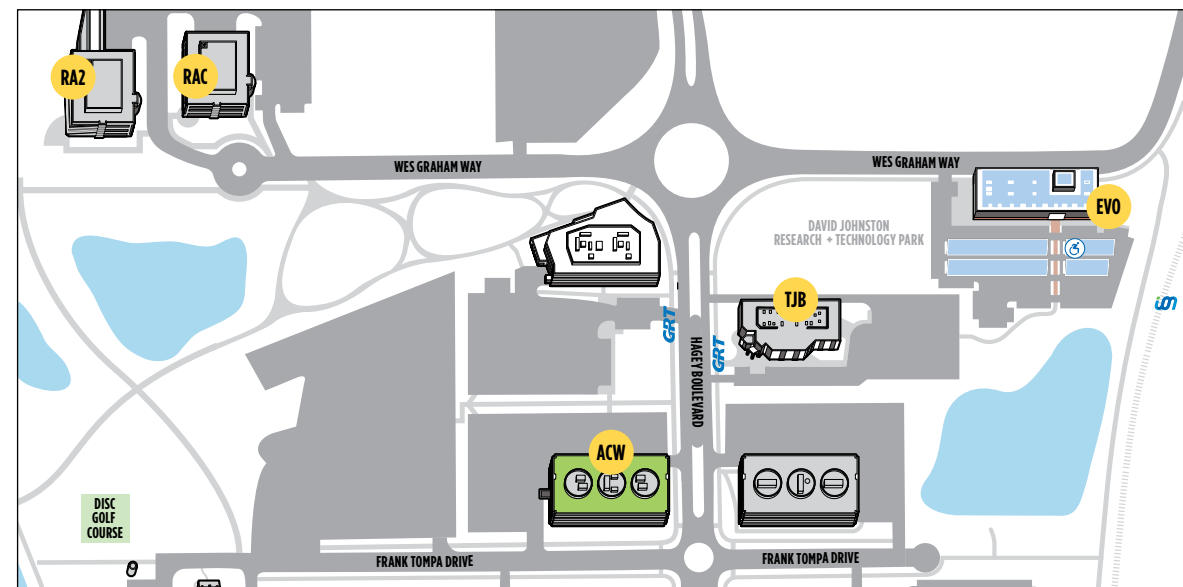

Move over, Silicon Valley – welcome to Quantum Valley! The next technological revolution is science of the incredibly small: atoms, electrons, photons and other inhabitants of the nano-scale world. The research here will transform technology and lead to quantum computers, quantum devices and nanotechnologies that will benefit society in countless ways.

SELF-GUIDED CAMPUS TOUR

CONTINUED

STUDENT LIFE CENTRE (SLC)

Open 24/7, there's almost always something going on here. Stop by to hang out with friends, grab a meal, get involved with the Waterloo Undergraduate Student Association (WUSA) or its 200+ clubs, or purchase bus tickets.

PHYSICAL ACTIVITIES COMPLEX (PAC)

Waterloo isn't about just exercising your brain! Grab your water bottle and join a fitness class, swing a racquet or play an intramural sport in one of Canada's largest recreational programs. For even more action, head to the Columbia Icefield (CIF) for more gyms, a fitness centre, turf and grass fields, an arena and the new Field House for indoor sports.

VILLAGE RESIDENCES (V1)

More than a place to sleep, Waterloo's residences guarantee first-year and transfer students a spot in residences with healthy (and locally sourced) food, peer leaders, mentors, Living-Learning Communities and more. Specialized communities focus on upper-year and graduate students, future entrepreneurs and students with families.

9

UNIVERSITY COLLEGES

Get the best of both worlds by earning a valuable Waterloo degree while living or studying at the University Colleges. These smaller, unique communities (e.g. St. Jerome's, Renison, United and Conrad Grebel) offer residence and courses to Waterloo students.

ENVIRONMENT 3 (EV3)

You don't need a green thumb to enjoy our green roof – 90 per cent of Environment 3 is accessible to natural light, reducing the need for artificial lighting. As one of Canada's most energy efficient buildings, EV3 is LEED (Leadership in Energy and Environmental Design) platinum certified and a living example of Waterloo's commitment to the environment.
