
**Reference Number**: IEEE style uses a reference number for each citation in the reference list. Assign a reference number to the article and write it in square brackets.

**Author(s)**: Write the first and sometimes middle initial of the authors' names, followed by a comma, then their last name. If there is a second author, write "and" followed by their name in the same format. End this section with a comma.

**Article Title**: Write the title of the article, followed by a comma. Place quotation marks on both sides of the title with the comma inside.

**Journal**: Write the title of the journal in italics, followed by a comma. Capitalize the first letter of each word.

**Volume/Issue**: Write "vol." and the volume number, followed by a comma, and then "no." and the issue number, followed by a comma.

**Page Numbers**: Write "pp." and the page range, followed by a comma.

**Date**: Write the abbreviated month and the year in which the journal was published, followed by a period.
