

**Table 23: Student Mobility**

This table displays the mobility of all students registered in your program from 2012/13 to 2018/19, as of their 2A term. The table shows your students' first and last registered faculties. A student is considered registered in the program if they had at least 1 second year term registration in your program.

**Definitions:**

*First Faculty* – the faculty that the student was registered in as of their 1<sup>st</sup> year, 1A term.

*Last Faculty* – the faculty that the student was registered in as of their most recent activity. The student could still be studying, graduated or withdrawn.

*Total* – the total number of students registered in your program as of their 2A term.

**Example A (yellow):**

*Note: red highlighted cells are the program in question.*

- 1) Your program had a total of 1093 students registered as of their 2A term between 2012/13 and 2018/19.
- 2) 784 students started in their program in their first registration term. 749 of the 784 were still in your program as of their most recent term of study.
- 3) 1 student's last registered term was AHS, 20 in Arts, 1 in Engineering, 8 in Environment, 3 in Math and 2 in Science. These students were in your program at one point in time and ended up in another faculty.

**Example B (green):**

*Note: red highlighted cells are the program in question.*

- 1) 93 students started in an Arts program and transferred into your program as of their 2A term. Of these students, 90 were last registered in your program, 2 were last registered in Environment and 1 in Science.
