Natural Resources  
Canada

Ressources naturelles  
Canada

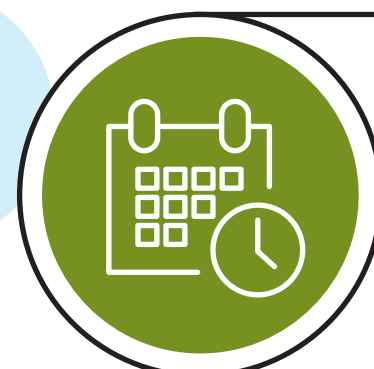

**Climate change education  
is still nascent in Canadian  
accounting programs.**

## Top 3 barriers

to the integration of climate change  
education in accounting:

**Need to  
cover other  
accreditation  
material**

**Time  
constraints**

**Expertise  
constraints  
of instructors**

## Top 2 enabling factors

for climate change education in accounting programs:

**1**

**Institutional  
strategic priority**

**2**

**Faculty interest  
& expertise**

## Support needed

Accounting programs need more support in integrating climate  
change education into their program, including:

**Help with the  
development  
and redesign  
of courses**

**Access to  
relevant  
teaching and  
learning  
resources  
and tools**

**Climate  
pedagogy  
professional  
development  
for faculty**
