Public Gathering: 7:00 PM

Opening Remarks: 7:30 PM

Artwork Illumination: 8:00 PM

*Parking available off Lakeshore Blvd. W.
at Windermere Ave.*

BLUEGOLD VARIATIONS ARTIST: DERECK REVINGTON

Contrasting arrays of LED lights are installed within the Windermere gateway along the upper edges of the retaining walls of the Gardiner and CN underpasses. These arrays are networked, synchronizing transformations in hue, tone and intensity throughout the night. Triggered by the velocity of the wind, variable waves of light surge through the underpass in concert with the rhythms of Lake Ontario to the south; waves of blue in the gold phase, waves of gold in the blue phase and, in extreme winds, waves of rose.

OPENING REMARKS BY:
Councillor Doucette (Ward 13)
Dereck Revington – Artist

Lighting installation has been made possible through funding from Cresford Developments.
