Pella Award

Program: Engineering→Architecture

Enrollment year: Year Two, Three or Four

Award description:
Several awards will be presented annually to full-time undergraduate students in Year Two, Three, or Four and/or master's students in the School of Architecture. Selection is based on submission and review of a project that demonstrates excellence in sustainable design, and that exemplifies careful consideration of materials, details, placement, and orientation of fenestration.

Value:
> $3000 for first place
> $2000 for second place
> $1000 for third place

Eligibility & selection criteria:
- Full-time undergraduate students enrolled in Year Two, Three, or Four or graduate students registered in the master's program in the School of Architecture in the Faculty of Engineering.
- Selection to be based on the review of a project that demonstrates excellence in sustainable design, and that exemplifies careful consideration of materials, details, placement, and orientation of fenestration.

Application/nomination process type: Project Submission

Term deadline: Spring

Application deadline: April 30

Please submit on or before deadline directly to the Undergraduate Student Services Coordinator at the School of Architecture at archundergradoffice@uwaterloo.ca.
