Finalized Constitutional Amendments Discussion

**Discussion:** The Council expresses only a single concern regarding the new constitutional requirement for societies to fill out FEDs Event Forms and hopes that the requirement will come into effect under the next Executive Team. After some discussion, the Council decides that all constitutional amendments should therefore come into effect as of May 1st 2018.

**Questions:** N/A

**Motion:** That the Council approve the finalized constitutional amendments for ratification as of May 1st.

First: History Society  Second: German Society

**Vote:** Motion Passes
Grant Proposals

Theatre Student Union’s Green Room Revitalization Grant Proposal

Proposal: The society asks the Council for a grant of $388.11 (quote received from Amazon) to re-vamp their green room. They ask for this funding as the green room is an important space for the department, where students spend many hours, practicing, relaxing, sleeping, and studying.

Questions: The Council raises the concern of the security of these items; asks the society representative how the green room is secured in their absence. The representative replies that stage management always lock the doors to maintain the green room as security is a large concern and the room is also consistently monitored when it is open.

Discussion: N/A

Motion: That Council approve the grant proposal.

First: Philosophy Society
Second: Classics and Medieval Studies Society

Vote: Motion Passes

Resolved: The Council approve the aforementioned grant proposal.
University of Waterloo Accounting Conference 2018 Grant Proposal

Proposal: UWAC is #1 Accounting Conference in Canada, where 50% of its attendance is that of Arts students at UWaterloo. The conference is held in downtown Toronto. The Council is being asked for a grant of $1000 to cover part of the cost for lodging, notebooks, transportation, and delegate books/gifts for the participants. The representatives express that the Council’s participation would be beneficial as it would serve as exposure with the ASU’s logo on UWAC’s website as well as on the gifts for participants, and on a banner at the event. It would also be a great way to expose Accounting students to the ASU and to strengthen ties between both parties.

Questions: The Council asks how much money participants pay to be a part of the conference. The representative responds that participants pay $300 and that their food, lodging and the merchandise they receive is paid for partially by this fee. The Council asks where else the representatives have reached out to looking for sponsorship. The representative refers the Council to their list of sponsors outlined in their proposal (in Appendix C) and expresses that the Accounting and Finance Student Association is not sponsoring the conference this year, even though they usually contribute generously.

Discussion: The council expressed concern about the amount of money being requested and also expresses concern that there is not much of a breakdown relating to exactly where this funding will be spent (lack of clarity). A Council member expresses that we could grant the representatives half of the funding on the assumption that 50% of the attendees will be Arts students. A Council member raises the concern of how much we may be limiting UWAC’s capacity in not giving them this grant. Another Council member expresses that it is clear that the representatives have made good efforts to cut costs as their funding this year has been reduced on the whole. Another notes the expense of hotels and the reasonableness of the funding which has been requested. Lastly, a Council member notes the responsibility that it has to all of the societies, and asks if the funding (which would only be going to one department) is within our budget. The ASU President that $600 is the maximum amount of funding which could be released within the confines of our budget.

Motion: That Council approve a grant of $600 within the confines of our budget.

First: Philosophy Society  Second: History Society

Vote: Motion Passes

Resolved: The Council approve the aforementioned grant proposal.

**Constitutional Amendments Discussion**

**Discussion:** The ASU would like to make some minor changes to the Arts Student Union’s constitution with the intention of further clarifying the expectations of executive roles. The first and most fundamental amendment we wish to make is to change the name of the Vice-President Executive role to Vice-President Internal. In addition to this, we wish to add a crucial responsibility to the role in writing which would require this executive to hold termly meetings with all societies individually in collaboration with the VP Finance. The main purposes of these meetings would be to discuss termly budgets and game plans (in terms of events and proceedings of the society), as well as to promote better ties between departmental societies and the ASU executive team. This ASU executive team feels that this new formed tie would encourage collaboration as well as affirm the ASU’s role as a helping hand to all societies in the faculty.

The other change which the executive team wishes to put forward is to add an amendment the role of the Vice-President Communications. The premise of this amendment is to constitutionally entrench the expectation that if in the event that a VP Communications lacks a background in design, they will acquire a commissioner who is capable of producing marketing materials for all of the ASU’s events and endeavours.

Lastly we will also be correcting any grammatical anomalies and capitalization errors.

The executive team wishes to emphasize our desire to be transparent and opens up the floor to any questions or concerns regarding the proposed amendments. After any necessary discussion takes place the motion will be put forward for the approval of the finalized constitutional document which will be voted for or against at the final council meeting of the term.

**Questions:** N/A

**Motion:** That the Council approve these finalized amendments to be put forward in a consolidated document for final approval at the final council meeting of the term.

First: Theatre Students Union  Second: Women’s Studies Society

**Vote:** Motion Passes
Grant Proposals

Assyrian Chaldean Syriac Student Union’s Event Grant Proposal

Proposal: The student union asks the ASU for money which will fund a banner for their club and food for their Easter Event ($180 total). They emphasize that they are a new club which only receive the minimal termly funding of $75 from FEDs which does not allow them to do as much as they would like to. The student union emphasizes their mission of educating UW students about their culture and creating an even more culturally accepting culture on campus.

Questions: The Council asks the representative if they have spoken with other faculties’ societies about funding, to which the representative responds that they have not done so yet.

Discussion: The society discusses giving the student union the funding for their banner ($70) but wish for them to return with another grant proposal for additional funding when they have contacted other societies.

Motion: That Council approve the above amended proposal outlined in discussion.

First: History Society  Second: Classics and Medieval Studies Society

Vote: Motion Passes

Resolved: Approves a grant of $70 for the banner.
**Global Business Brigades UW Scholarship Grant Proposal**

**Proposal:** The Global Business Brigades are planning to send volunteers to Honduras this year and are holding the Mission Possible Event on March 24th to help fund the volunteer effort. They ask the Council for $1720 which will be used to provide scholarships for two volunteers to go to Honduras. The representative emphasizes that this is a great way for students to learn about different cultures, and do positive things in the world. The ASU would receive platinum level sponsorship status, if they provided the scholarship grant and the representative approaches the ASU because volunteers have largely consisted of Arts students in the past. Lastly, the Global Business Brigades will provide Arts Students attending Mission Possible with a discounted $15 entrance fee to attend the event. All profit from the event goes toward funding the local banks in the countries that they’re volunteering in as well as the funding of volunteers going to Honduras this year.

**Questions:** The Council asks if the representative has only reached out to the ASU for funding. They responded that they have reached out to Math Endowment Fund and their scholarships are being restricted to math students. The council asks which proportions of the volunteers were in Arts last year. The representative explains that of 14 volunteers last term, 9 were in Arts.

**Discussion:** The Council acknowledges that a large grant is being requested and wishes to approve the proposal on the condition that the two scholarships are award to Arts students only.

**Motion:** That Council approve the grant proposal.

First: Political Science Student Association    Second: Women’s Studies Society

**Vote:** Motion Passes

**Resolved:** The Council approves the grant proposal on the condition that the scholarships are award to Arts students.

Theatre Student Union’s Green Room Revitalization Grant Proposal

Society/club name: Theatre Students’ Union
Reason for subsidy: The Theatre and Performance Program at UWaterloo is a small but highly interconnected group of people who, due to the nature of theatrical work, spend a great deal of time on campus. When we aren't working, we are spending our time in the Green Room studying, socializing, or relaxing. Appendix C
University of Waterloo Accounting Conference 2018 Grant Proposal

Society/club name: UWAC (University of Waterloo Accounting Conference 2018)
Reason for subsidy:
The reason UWAC is asking for a subsidy is so we can match our revenues and expenses for this period so that we can run our annual accounting conference! The University of Waterloo Accounting Conference aims to promote the accounting profession by creating an enriched environment for students to grow and forge strong relationships with fellow delegates to enhance their understanding of the accounting industry. For this conference to be a success, we need to make sure we have a significant amount of funding to cover our costs. Hotel expenses have increased year over year in downtown Toronto. We are requesting funding from ASU to compensate for this rise in price. In addition to this increased cost, there is a city-wide convention happening in Toronto that runs concurrent with our conference, making hotel prices significantly higher than usual, leaving little room for negotiation. This proposed amount of funding will help offset the increase in our hotel expenses which, in turn, will make UWAC 2018 one to remember. The School of Accounting and Finance is extremely proud to be part of the faculty of Arts and we are requesting sponsorship so we can send 64 of our own delegates to represent this faculty at this conference.
