Welcome to our newsletter!
It is my pleasure, as the 2017 ASAC Chair, to launch the inaugural quarterly Newsletter. Based on the survey results collected earlier this year, we have implemented some new events, workshops and activities for Arts staff, which we hope you are all taking advantage of and participating in. If you have any feedback or suggestions for workshops, professional development initiatives, or community-building activities that you would like us to help organize, please reach out to me or one of the other eleven ASAC members.

With all the fun activities we have planned for the Summer, there is no doubt that this is the best time of the year to step out of the office, meet other colleagues, make new friends, and explore what the Faculty of Arts has to offer!

In the fall, we plan to offer another session from the Managing Difficult Conversation series. The date is yet to be determined so please make sure you read upcoming emails from the ASAC committee.
