1:30 Adjourn

- CBB renewed until September 2021, still waiting for feedback on university level status.
- WCMR – Waterloo Centre for Microbial Research – research-based centre initiative led by Biology’s microbiologists. Potential to share facilities and expertise. Josh Neufeld started the proposal for the centre, using CBB as a template. Identified approximately 44 members who are involved in microbiology.
- OPS meetings are open to all CBB regular members, ask for registrations. The minutes/agenda should be posted online. Looking for a student to join OPS – Marc to inquire with his student.
- Met with teams from Netherlands, Finland, France working on a Horizons 20/20 proposal, and also other proposals are underway. Great networking event for internal faculty. Lots of opportunities for student exchange, undergraduate and graduate, research opportunities. AVP of external research joined the France interaction.
- Are there other international relationships to pursue?
- Clinical Trials of Ontario meeting in January 2017 is looking to give UWaterloo accreditation for clinical trials and facilitate a streamlined ethics review process. Catherine is looking for examples to bring forward to the meeting.

Action items:

- Advertise OPS meetings in CBB newsletter; call for student member.
- Work on submitting an IRPG-EU proposal with Sorbonne for Spring submission.
