

ARE YOU A SUPERVISOR AND
INTERESTED IN GETTING
INVOLVED IN

CREATE TRAINING?

What is CREATE?

TRAINING IN GLOBAL BIOMEDICAL
TECHNOLOGY RESEARCH AND
INNOVATION

The first "Needs-First" graduate program in Canada at the University of Waterloo

Why CREATE?

PREPARING STUDENTS WHO ARE CAPABLE
OF TRANSFORMING THE CANADIAN HEALTH
TECHNOLOGY LANDSCAPE

- Training Modules:
- Design Training
- Biomedical Commercialization
- Professional Skills
- Technical Skills

Benefits

CONTRIBUTE TO THE SUCCESS AND
SUSTAINABILITY OF THE CREATE
PROGRAM

- Access to stipends for graduate students
- Participate in training students, and program development
- Opportunities for hosting student internships and exchanges

Involvement

HOW CAN YOU GET INVOLVED?

- Supervise or co-supervise students under the CREATE program (URA, MASc, or PhD)
- Encourage students and advocate the benefits of participating in the CREATE program
- Commit to participating in training modules by:
 - Giving a lecture
 - Providing online learning materials
 - Inviting guest lecturers (CREATE-related topics)
