

ARE YOU AN INDUSTRY PARTNER
AND INTERESTED IN GETTING
INVOLVED IN

CREATE TRAINING?

What is CREATE?

TRAINING IN GLOBAL BIOMEDICAL
TECHNOLOGY RESEARCH AND
INNOVATION

The first "Needs-First" training program in Canada at the University of Waterloo

Why CREATE?

PREPARING STUDENTS WHO ARE CAPABLE
OF TRANSFORMING THE CANADIAN HEALTH
TECHNOLOGY LANDSCAPE

- Training Modules:
 - Design Training
 - Biomedical Commercialization
 - Professional Soft Skills

Benefits

CONTRIBUTE TO THE SUCCESS OF
THE PROGRAM AND HELP CREATE JOB
READY STUDENTS

- Establish partnerships with world-class research labs
- Access to highly qualified graduate students as interns, research fellows or future employees
- Contribute by training and sharing your experiences with students

Involvement

HOW CAN YOU PARTICIPATE?

- Propose a project
- Hire a grad student
- Propose training session(s)
- Give a lecture
