

BME 499 Elective Biomedical Research Project – Enrollment form

Student Information

First and Last Name: _____ ID: _____ Term _____.

I meet the pre-requirement to enrol in BME 499 with (select all that apply)

- ☐ BME 399
- ☐ Previous Undergraduate Research Assistantship (URA)
- ☐ Previous research co-op with an evaluation of at least Very Strong
- ☐ An average of at least 80% over 3A and 3B

Supervisor Agreement

- ☐ Fall (September – December) 20____
- ☐ Winter (January – April) 20____

As a supervisor of (student name) _____, for the research project (short title) _____.

I confirm and commit to the following for the duration of the term:

I confirm that I am willing and able to provide appropriate technical expertise, in at least one aspect of the proposed research project.

I commit to providing ongoing advice and direction related to the technical, design, experimental and safety (if applicable) issues throughout the project. Note that it is expected that the faculty supervisor will meet weekly (30 min) with the student to discuss progress, project update and any issues the student is facing. This is a full-credit course for the student and thus there is an expectation that the student will spend an average of 8-10 hours per week on the project.

I commit to providing input in the grading for the final assessment (technical report **or**¹ technical oral presentation) and the student performance evaluation. Project presentation is a 45-min meeting, scheduled between week 11 to 14 of the term. The report (12-16 pages) is due in week 14.

If I am unavailable to meet regularly with the student, I commit to communicating electronically with the student to ascertain project progress OR to arrange for a qualified alternative (for example a post doc) to meet with the student in my absence.

Print project supervisor's name and Department

Project co-supervisor's in Engineering

Signature

Date

(Required if supervisor outside UW Faculty of Engineering)

If you have other expectations for deliverables for the research project (such as report writing, attendance at research group meeting, SOPs, etc), please indicate below. The student should also signed below prior returning it to the course coordinator if known or to the BME Undergrad Advisor at bmeug@uwaterloo.ca

Additional expectations discussed with student: Yes / No (If yes, list below)

¹ Decision on the modality of the final assessment is decided between the student and research supervisor(s). Form is to be submitted by week 9.
