_____	_____			_____
_____	_____			_____

Signing the above committee membership indicates approval to serve on the Advisory Committee for both the MASc Thesis Proposal and MASc Thesis for the named student.

Committee membership approved by the Director of Biomedical Engineering Graduate Program:_____
Signature, Director of Biomedical Engineering Graduate Program Date**The MASc Thesis Proposal Defence is scheduled for:**_____
Day of Week_____
Month_____
Day_____
Year_____
Time_____
Location

Students should work with their supervisor(s) to establish a MASc Advisory Committee.

The MASc Advisory Committee must include at least three examiners (four in the case of co-supervision):

- The student's supervisor or co-supervisors (one is to be a tenured or tenure track BME graduate faculty member)
- One tenured or tenure track BME graduate faculty member (the internal)
- One additional examiner who is not a BME graduate faculty member but still a member of the University of Waterloo (the internal/external)
- A maximum of one committee member can have an adjunct appointment or emeritus status
