

The Right to be Forgotten in Canada Issues and Uncertainties

 option
consommateurs

Un argument de poids

“Internet never forgets”

- Permanence of digital data
- A situation which sometimes causes prejudice to consumers

A definition of the “right to be forgotten”

- Right to be forgotten
 - Right to be “digitally” forgotten
 - **Means to enforce the** right to be forgotten: deletion, depersonalization, removal of links...

Controversy, issues and preoccupations

- Duty to remember and national security
- Economic model of businesses
- Freedom of speech and the right to information

Legal framework Europe

- Google Spain case
 - Applicability of Directive 95/46
 - A recourse against Google for consumers
 - In practice: establish a balance between diverging interests
- New regulation

Legal framework Canada

- Civil liability and libel
- Protection of personal information legislation

Conclusion
