# BE PREPARED TO THINK OF THE FOLLOWING:

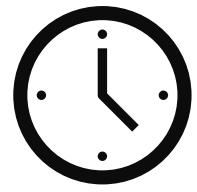

Name of activity

Description

Hours

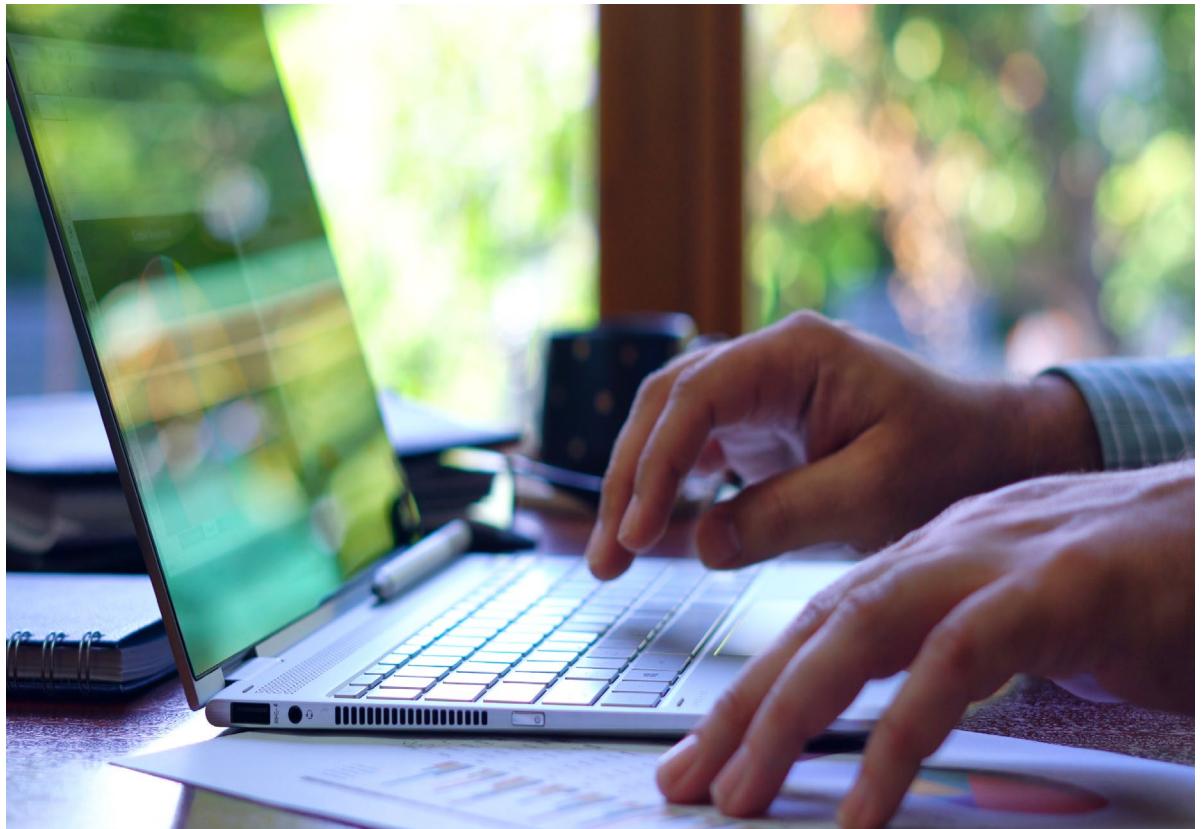

# Tips: start with reflection (and research)

- What is the program looking for—what do they value and screen for?
- What have you done (since 16?)
- Select meaningful experiences and identify key takeaways
- Decide what goes in and how you want to represent experiences
- Connect experiences to you as a future healthcare professional!

# Tips: draft your content

- Use active voice and ‘action verbs’ or accomplishment verbs
- Adverbs can help! (e.g. effectively, maturely, responsibly, collaboratively etc.)
- Be concise
- What words best capture your strengths?
- Connect to the skills they’re screening for—use frameworks etc.
