

Catalyst Summer Leadership Program Bursary Application

CATALYST is a high school outreach program run through the Faculty of Engineering at the University of Waterloo. It is devoted to providing high school students with opportunities to experience engineering, science and technology. Thanks to the generous contributions of our supporters, we are able to offer a selected number of bursaries that can subsidize camp fees up to 50%. In order to be eligible for a bursary, please complete the following form in full. **All applications will be kept in the strictest confidence, and are destroyed after the summer.**

Please note the following:

- **The maximum bursary award is 50% of the camp registration fee.**
- **There are a limited number of bursaries available.** Only those participants demonstrating financial need will receive a bursary, and even then we may not be able to fill all requests. Depending on your need and the demand for bursaries, you may only receive a partial bursary.
- Please fill out all sections of this form. Only **complete applications will be considered.**
- Only one session of programming per student can be subsidized through this program.
- This form is supplementary to your application form. Please submit this form as soon as possible.
- **The deadline for application submissions is May 1, 2018. Earlier applications are encouraged.**

Completed forms can be faxed or mailed to Catalyst at:

Mail:
Engineering Outreach - Catalyst
