## **Service Description:**

This document certifies that the referenced items below were processed for the recovery of reusable devices, components, parts, and scrap grade commodities such as metals, plastics and glass. All company assets and ID tags were removed from devices and destroyed. Any data bearing device(s) were erased in accodance with industry standards rendering data unrecoverable. All non-reusable data bearing devices, were physically destroyed and size reduced to fractions for commodity recovery. All processing of materials was completed in compliance with applicable laws and regulations of Canada and the Province of Ontario.
