Notes:

**Did you know...**As Cascades' Recovery division, METRO Waste Paper Recovery Inc. is a key part of Cascades' success. Materials recovery is a major component of the Cascades' business structure and a significant part of the Cascades organization. The sum of all their business types – Recovery + Packaging + Paper – adds up to making Cascades a cradle to cradle company. This defines how Cascades as a whole is organized and what they have to offer to the marketplace.

As we go forward into 2010, Cascades and METRO have agreed to strengthen this relationship and to continue to work closely on initiatives to better serve our customers.
