

# THE NEW STV DIPLOMA

S O C I E T Y   T E C H N O L O G Y   V A L U E S

SCAN FOR  
INFORMATION &  
REQUIREMENTS

## Launches Fall 2025

*Ready to be more fully aware of the complex relationships between technology and contemporary society?*

*Earn an interdisciplinary and analytical skillset that will help you thrive in the new AI- and technology-driven environment of the 21st century.*

*Open to all current, post- and non-degree UW students.*

### Stand out with a unique set of skills

The ability to view the role of technology in society from a variety of critical perspectives;

The ability to analyze technology-society problems and solutions, in collaboration with peers from other academic programs;

The ability to communicate views on society-technology interactions effectively, both orally and in written form.

### Four courses from across campus

Two STV Fundamentals (including all STV 100 and 200-level courses)

One Critical Theory & Ethics (from nine different departments)

One Critical Thinking & Applications (from nineteen different departments)

You  
may have taken  
one of these  
already!
