

# Golden ticket test question re-write

**DO NOT LOSE THIS SHEET!**

Name: \_\_\_\_\_

You may use this sheet ONLY ONCE during the semester. Once you have used it, you may not do so again. Replacements will NOT be provided, so KEEP IT SOMEWHERE SAFE!

By using this sheet, you will be permitted to choose any ONE question from the recent test, and re-write that answer to be re-submitted and re-marked. Your grade for that test will be updated accordingly.

## Conditions of use:

- a) When you decide to use it, it may ONLY be handed in on the VERY NEXT DAY after a test is returned to the class. You may not decide a week or a month later to go back and use it on an old test.
  - b) All parts of this sheet must be filled out FULLY.
  - c) This completed sheet must be stapled to the original test, and submitted together. DO NOT make changes to the original test.
1. Re-write, in full, the question that you wish to re-submit, including any tables or graphs.
  2. Explain, in 1-2 sentences, *why* the answer you originally provided was wrong. You may not simply say, "I didn't know how", or "I left it blank". *Why* didn't you know? *Why* did you leave it blank? Did you not study that material, or was the homework incomplete? Should you have come in for extra help on that topic?
  3. Will this affect how you prepare for tests in the future? How?
  4. Write a new, complete answer to the question you selected in #1. It must include all steps and cannot assume that the reader will look back at what was originally written on the old test. This new answer will *replace* the answer you originally wrote on the test, and your mark will be adjusted accordingly. ■
