

## September 2011 Meeting

### 1 – Next Event: New Grads Welcome Party .

- To be held after Chem. Eng. department's Grad Information Session.
- Will be held in E6 grad lounge.
- Schedule / tasks are in e-mail for all CEGSA members.

### 2 – Vision 2015: Session for grad feedback to external assessors

- Feedback can include comments on any parts of Chem Eng department function, goals, etc.
- When & Where: Sept 29th, 10:30pm-11:30pm in DWE 3518
- Justin to notify grads. Liz suggests getting 1 or 2 people per research area. Alternately 1-2 people per lab group.

### 3 – New building concerns:

- E6 grad lounge will get new furniture: Liz had design consultants in to plan layout of lounge. Furniture may take a while to arrive but we expect it will be of durable quality. In the mean time, we hope to get temporary tables + chairs.
- Still waiting on 2nd fridge for E6 lounge. Cupboards /kitchen space will need to be modified when it arrives.
- Can CEGSA get an office or storage? – Jamie to talk ask Liz
- Several students have brought up concerns about: (1) student office key situation and (2) student office space: 5 desks instead of 3/ office. – This is a sensitive issue. First we will bring it up at the Vision 2015 meeting. Then we will tactfully ask Liz what can be done.
