

Department of Chemical Engineering  
Directed Research Project Registration  
CHE 499

Complete this form and submit to the Department Undergraduate Office to request permission to register in CHE 499. The course outline is available at [outline.uwaterloo.ca](http://outline.uwaterloo.ca). Normal course drop and add deadlines given in the UW calendar apply to this course.

Name: \_\_\_\_\_ ID# \_\_\_\_\_

Term:                      Fall ☐                      Winter ☐                      20\_\_\_\_

Proposed Faculty Supervisor: \_\_\_\_\_

Project Title: \_\_\_\_\_

Brief Project Description:

Students participating in a Directed Research Project must adhere to the same safety protocols as other researchers in the department. For details on safety requirements and procedures, please refer to the CHE health and safety information at the following link: <https://uwaterloo.ca/chemical-engineering/health-and-safety>.

Does the project require lab access?

Does the project require access to a Biosafety Level 2 lab?

Does the project require the use of specialized equipment that requires additional training?

If yes, please provide additional information:

*Signatures:*

Student: \_\_\_\_\_ Supervisor: \_\_\_\_\_

Date: \_\_\_\_\_ Date: \_\_\_\_\_

Associate Chair Approval: \_\_\_\_\_

Copies to Supervisor, Safety Officer (Charles Dal Castel) and Student. Submit original to Undergraduate Office.
