2019 International Year of the Periodic Table

Mendelev Mosaic

Depict Dmitri Mendelev. Use any image of Mendelev as your inspiration and be as creative as possible to incorporate chemistry and the periodic table into your artwork. The choice of medium, style and design are up to you. All collected artwork will be put together to form a mosaic.

Your scanned hexagon canvas needs to be 8 inches from side to side

- Deadline: March 1, 2019
- Original work only, the choice of medium is up to the artist(s).
- Please do not use copyrighted images.
- The artwork will be submitted electronically, as a scan or a photograph.
- The resolution should be 400 dpi (check your scanner).
