Be the first to get rid of all your cards by making matches! In Go Fish, you will have to ask other players for cards of a specific number or animal to match a card you have to get a matching set of 4 cards. But be careful, if they don't have what you want you will have to pick up a card! Whoever gets rid of all their cards first, or has the most 4-matching card sets when the draw pile is gone, wins!
