

Quick Start Instructions

Go, Go Little Penguin! (2-3 players)

How to play:

1. Take out the game board, dice, 2 silver fish, and all 6 penguins.

2. Put the silver fish on the dinner plate.

3. Each player can choose a penguin colour and a path to take: the wooden board, logs, or rocks.

4. Put your baby penguin and mommy penguin together at the starting nest for your path.

5. Each player gets to roll the dice. If it lands on **little** feet, you move the baby penguin that many steps.

6. If it lands on **big** feet you move the mommy penguin that many steps.

7. If it lands on feet for a mommy or a baby who has already reached the fish, roll again until you get matching feet to move whoever still needs to get there.

8. To win the game, you need to get the mommy and baby penguin to the fish for their dinner before anyone else!
