

# Quick Start Instructions

## Gobbler Gobblers (2 Players)

How to play:

1. To start, each player chooses a set of 6 gobblers - either **orange** or **blue**. There are three sizes: small, medium, and large.

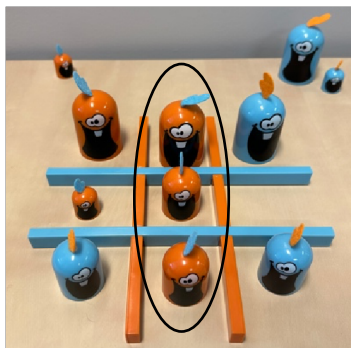

2. Each player takes a turn. On a turn, you can do one of these 3 things:
  - place one of your gobblers on an **empty space**
  - place your gobbler **on top of a smaller gobbler** of **any** colour (not just your own!)
  - move one of your gobblers on the board to a **different space**

3. Be the first to get 3 of your gobblers in a **straight** row or a **diagonal** row and you have won the game!

Orange wins!

Blue wins!
