

Hues and Cues

Competitive

Ages 8+

Playing time: 30 minutes

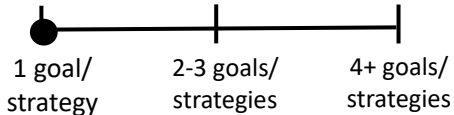

3-10 players

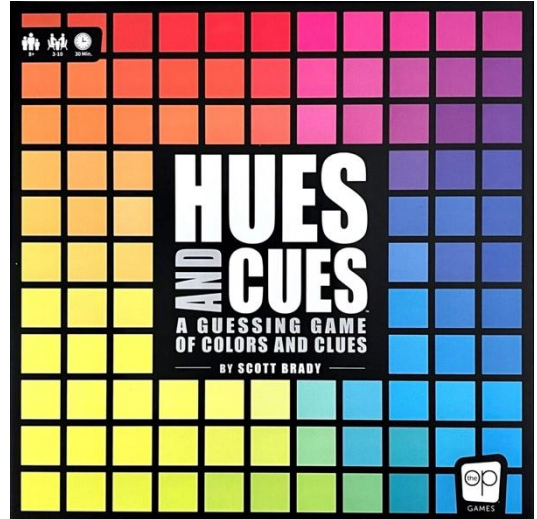

No reading required to play

Math required to score

- ☒ Number recognition up to 30
- ☒ Single digit addition

Time to learn: 10-15 minutes

Strategy level: 

Guess the right colour from a simple clue! In Hues and Cues, the clue-giver picks a shade from a card and gives a one or two-word hint. Then, everyone guesses which colour they think matches the clue. The closer you get to the right hue, the more points you earn! The clue-giver also earns points if players guess close to their colour. The player with the most points at the end wins the game!
