How to Play:

- On each turn, a player:
 - **Draws 1 card** and places it face up in front of them. Then the player can do one of 2 things:
 1. Play none of their cards and save them!
 2. Play any of the cards in front of them and then place this card in the discard pile.

- There are 3 different types of cards a player can play:

Tooth Card(s): You can spin the **Spinner**! Collect sets of the SAME KIND of tooth to get multiple spins.

- 1 Tooth Card = 1 Spin
- 2 Matching Tooth Cards = 3 Spins
- 3 Matching Tooth Cards = 5 Spins

Spin Card: You can spin the **Spinner** the same number of times as the number of spinners shown on the card.

Add Teeth Cards: You can add this many **Tooth Tokens** to the **Landing Mat**. This card must be played immediately! But you can play another card from your hand if you would like.

- **2 Lucky Tooth Sections!** When spinning the spinner, notice where these are! If the pointer lands here, you collect all the **Tooth Tokens** on that **Landing Mat**!
- **Landing Mat empty?** If after the player takes their tokens the Landing Mat is empty, put 2 new Tooth Tokens on it.
