1-4 players

Solo play possible

No reading required

Build a path to the treasure together before the pirates arrive! In Karuba Junior, you will have to turn over tiles to create a path to get one of three adventurers to one of three treasures. But be careful, if you turn over a pirate card, the pirate ship will move closer to the island! If the pirate ship makes it to the island before all three adventurers have reached the three treasures, then the pirates have won and you'll have to start over and try again!
