

Quick Start Instructions

Karuba Junior (1-4 players)

(A cooperative game where you work together!)

How to play:

1. Attach the 2 game board pieces together and place the ship on the first ship space. Place the 3 kid adventurers on the beach. Place the cards face down on an ocean side of the board so that the paths can grow from the beach on top.
2. Turn over a tile. There are 4 different tiles:
 - **Path:** Put the card next to an open-ended path of your choice to make the path continue as best as you can or to reach a treasure. You can turn it any way you like.
 - **Treasure:** Yay! Add the treasure onto a path from the beach. Now you can move one of the adventurers to this treasure card!
 - **Tiger:** Oh no! You have to place the tiger at the end of a path, and the path is now blocked! Try to keep it away from treasure!
 - **Pirate ship:** Oh no! Move the ship closer to the beach by as many spaces as there are ship symbols on the card. This card can now be put away, out of the game.
3. If you all get the 3 adventurers to a treasure before the pirate ship reaches the beach, you have won! If the pirate ship reaches the beach with adventurers still on it, then the pirates won! But you can always try again!
