

Quick Start Instructions

Let's Go Lotto (2- 4 players)

How to play:

1. Each player chooses one of the 4 vehicles, such as the boat, and puts their 2 puzzle pieces together.
2. Take all of the little blue cards with animal passengers and the 4 tickets and spread them out face down on the table.
3. Take turns flipping over one animal card at a time to see if it's on your vehicle.
 - **If it's not**, make sure everyone has seen it and turn it back over.
 - **If it is**, put it in your vehicle over the matching animal.
4. Once you've found all the passengers for your vehicle, find the ticket for your vehicle.
5. The first player to find all their passengers and their ticket, or whoever gets the closest, wins!
