Cooperative

Ages 6+

Playing time: 10-20 minutes

2-4 players

No reading required to play

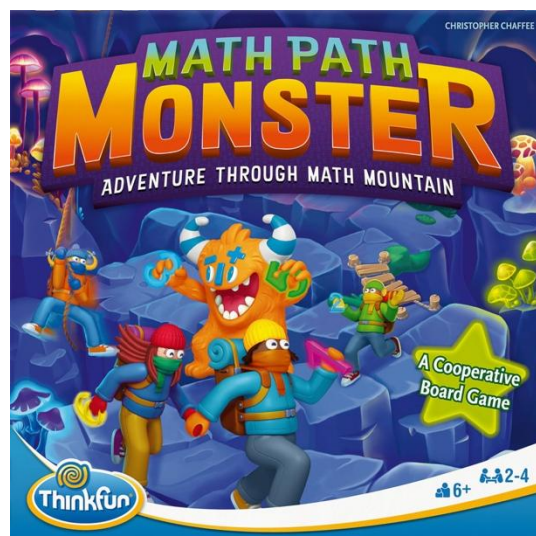

Math required to play

- ☒ Single digit addition
- ☒ Single digit subtraction

Time to learn: 10-15 minutes

Strategy level: 

1 goal/ strategy	2-3 goals/ strategies	4+ goals/ strategies
---------------------	--------------------------	-------------------------

Work together to help the explorers beat the math monster to the cave entrance! In Math Path Monster, you will use 4 dice to create addition and/or subtraction equations to move the explorers as far as possible and the Monster as little as possible depending on the numbers on the path and where they are located! Use power cards to move even farther along the path. But watch out – the Monster can also land on power spaces! If all the explorers get to the cave entrance before the Monster, you all win! But if the Math Monster arrives first, you all lose!
