

My First Carcassonne

Game Category: Quest and Strategy

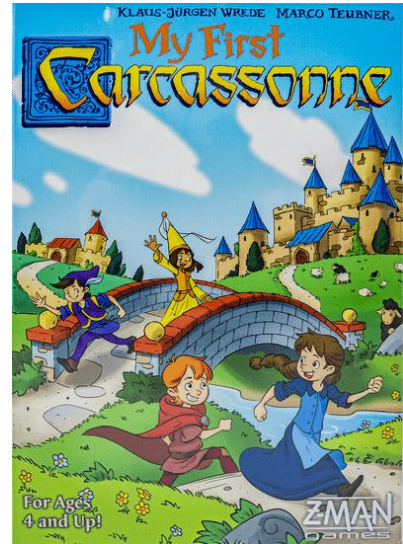

Competitive

Ages 4+

Playing time: 10-20 minutes

2-4 players

No reading required

Place all your coloured pawns onto the roads as you build the town! In My First Carcassonne, you will pick a landscape tile and place it carefully next to another tile so the roads connect or you are able to end a road. If a tile on a finished road shows a child wearing the same colour clothes as your pawns, you get to place your pawn on that road. As the town and countryside grows with more finished roads, the first player to place all their pawns onto roads wins the game! My First Carcassonne is a great first version to play before moving on to the original version of Carcassonne for ages 7+!
