Race to find a card in your hand that doesn't match anything rolled on the dice! In Not It! Farmland Frenzy, the farmer rolls three dice: one for animals, one for colours, and one for patterns. Everyone else must quickly play a card that doesn't match any of the things shown and shout "NOT IT!" But watch out – if you're too slow or play the wrong card, you'll have to pick up more cards! The first player to get rid of all their card wins the game!
