

Quick Start Instructions

Pick Me Up Piggy! (2-4 players)

(a co-operative game where you work together!)

How to play:

1. To set up the game:
 - a. Place the **buildings** on the squares in town.
 - b. **Drop one of 4 Farm Friends into each building.**
You can make up a silly story for why each Farm Friend is going there to remember where they are. (Or in a harder version of the game, you could hide them each without knowing who is going where.)
 - c. Place **Piggy and his truck** on the road near the **Apple Orchard**. Put the **gas to FULL**.

2. Once all 4 Farm Friends have been put in a building, players take turns drawing driving cards.

There are 3 different types of cards you might draw:

- A **“Pick me up Piggy!” Farm Friend card**: players drive Piggy’s truck to the building where they think that friend was dropped off.
 - If they are right, they can put the friend in the truck and draw a new card.
 - If they are wrong, they must put the friend back in the building and **lower the gas one space**. Players can put the Farm Friend card **back in the deck** and draw a new card.
- A **Location card**: players find the matching location (for example, scenic overlook), drive there, and **lower the gas** by the amount listed on the card.
- A **Gas Station card**: players drive to the gas station and put the **gas to full!**

3. You all win if you help Piggy pick up all 4 of his Farm Friends before he runs out of gas! If Piggy runs out of gas first, you can always try again!
