

# Quick Start Instructions

## The Picnic Game (2–4 players)

How to play:

1. Spread the **tablecloth** out and put the **spinner** in the middle of the tablecloth. You can sort all the pieces into categories if you want (vegetables, desserts, and so on), or keep them all in the box.
2. Take turns **spinning the spinner** to see what category it lands on. You can now pick a piece from this category.
3. **Did the spinner land on a category you already have?** If you want, you can switch your piece out with another one in the same category, or you just skip your turn as you can only have 1 item from every category.
4. **Did the spinner land on the ants?** Oh no! You have to put one item that you've collected back. If you don't have any items yet, then you don't need to put anything back.
5. The goal of the game is to be the first player to collect a plate, utensils and napkin, a main dish, a vegetable, a fruit, a dessert, and a drink. You can also play where whoever has the most items at the end wins!
