

Quick Start Instructions

Rhino Hero Junior (1-4 players)

(a co-operative game where you work together!)

How to play:

1. Place the game board in the middle of all players.
Connect all the floor cards to make floors 1 to 6. Put the 8 roof cards orange side up however you like around the game board. Place Rhino Hero Junior and Baby Spider Monkey on the game board.

2. Taking turns, each player turns over 1 roof card. You want to find the card for the biggest 1st floor to start and then the next 2nd biggest floor until you get to the smallest 6th floor on top! What did you get?

- **The 1st floor to start or next biggest floor?** Place the 1st floor on the board, or carefully stack the new floor on top of the last one, and place the roof card on top, with the orange side facing up. You can now move Rhino Hero Junior anywhere on the top roof.

- **A different floor?** That's okay! Place the roof card back where it was with the orange side facing up. Try to remember what number is it for later in the game.

- **Baby Spider Monkey?** Baby Spider Monkey gets to move and join Rhino Hero on top of the highest roof!

3. Continue trying carefully to add floors and move Rhino Hero and Baby Monkey up to the top of the tower without the tower falling over! If you complete the whole 6 floors, congratulations team – you've done it! If the tower falls down, you can always start a new game and try again!
