

# The Hearmees

Game Category: Strategy and Collect

Competitive

Ages 5+

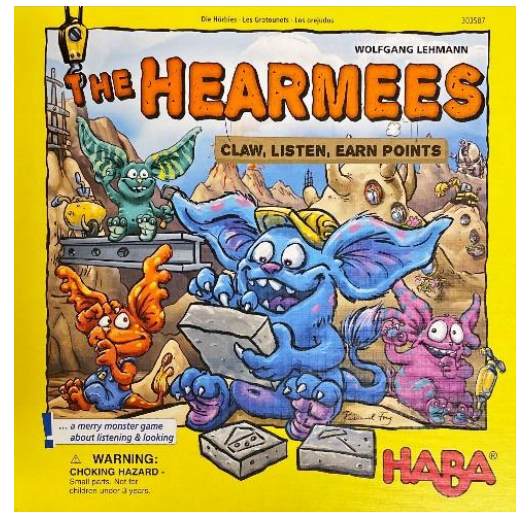

Playing time: 15-20 minutes

2-4 players

Solo play possible

No reading required

Simple addition needed for scoring

In this game, players take turns drawing out shapes with the drawing stick onto a Velcro board. All other players must listen closely, and try to remember how many straight lines, curves, zigzag lines, and dots they hear to guess what shape it is! If they guess correctly, they can turn over a house tile. If they don't already have that colour, they keep the tile. The player who gets all 5 house tile colours, or the most points on their 5 house tiles by the end of the game, wins!
