

Quick Start Instructions

Hoot Owl Hoot (2–4 players) (a co-operative game where you work together!)

How to play:

1. Take out the board and put the sun chip on the square underneath the moon at the top.
2. Put the 6 owls on the 6 starting positions at the beginning of the spiral on the board.
3. Shuffle the colour dot and sun cards and put them face down in a pile.
4. Take turns flipping over one card at a time. You can move any of the 6 owls to the next spot on the board that matches the colour you turned over.
5. But if you turn over a sun card, you must move the sun chip at the top one space closer to the sunrise!
6. When you reach the last purple circle in the spiral, you can make the owl jump in the nest and say: “Hoot Hoot!”
7. Work together to try and get all the owls to the nest before the sun rises all the way! If the sun rises before all the owls reach the nest, you will have to start your game over and try again!
