

[illegible]

Term	Course Number	Course Name	I D A			1. Knowledge Base	2. Problem Analysis	3. Investigation	4. Design	5. Use of Engineering Tools	6. Individual and Team Work	7. Communication Skills	8. Professionalism	9. Impact of Engineering	10. Ethics & Equity	11. Economics & Project Management	12. Life-long Learning
			Introduced	Developed	Applied												
4A	GEOE 354	Geotechnical Engineering 2															
	GEOE 400	Geological Engineering Design Project 1															
	WKRP 400	Work-term Report															
	GEOE 498	Seminar															
4B	TE 2	Technical Elective 2															
	TE 3	Technical Elective 3															
	TE 4	Technical Elective 4															
	GEOE 391	Law and Ethics for Environmental and Geological Engineers															
	GEOE 401	Geological Engineering Design Project 2															
	GEOE 554	Geotechnical Engineering 3															
	GEOE 499	Seminar															
	TE 5	Technical Elective 5															
	TE 6	Technical Elective 6
