

Co-op Student Earnings Information 2018

Co-op student earnings information is published annually by the University of Waterloo. The following information has been compiled using student-reported earnings from 2018.

When reading the tables below, please note that the top figure represents the *average hourly earnings* for the given co-op program and work term level, while the *hourly salary range* is included below.

Please note that this data is provided for informational purposes only. Co-operative Education does not establish or recommend pay level for co-op students, and this information should only be used as a guideline to be reconciled with the known market conditions for the position. Please exercise diligence in applying this information to your specific situation.
