

# CALL FOR APPLICATIONS

## SMART Training Platform Bursary

The SMART Healthy Cities Training Platform is training the next generation of health, social sciences and humanities, and engineering and natural science researchers to find ways to make Canadian cities healthier, more liveable, and more resilient using food and food systems to improve population health.

## BURSARY DETAILS:

The SMART Healthy Cities Training Platform welcomes graduate students, as well as postdoctoral fellows from NSERC, SSHRC, and CIHR research disciplines (see page 3 for more information). **Successful awardees will receive bursaries of \$10,000 for 1 year.**
