

Email Recruitment

This email is being sent on behalf of the researchers.

Hello,

My name is Will Rauch-Davis, and I am a master's student working under the supervision of Dr. Kelsey Leonard in the Department of Environment at the University of Waterloo. As part of my master's degree, I am conducting a research study on how and where Graduate students access food, if the food that they do access reflects individual needs, and to better understand the challenges and opportunities that Graduate students face in accessing nutritious, sufficient, and culturally relevant foods.

If you decide to volunteer for this study, your participation will consist of a questionnaire through Qualtrics. The questionnaire will take approximately 15 minutes of your time, and you will be entered into a draw to win 1 of 10 gift certificates valued at \$10 to Sobeys. Additionally, there is the opportunity to participate in a semi-structured interview which you can indicate your interest at the end of the survey. The questionnaire is completely anonymous, no identifying information will be connected to your survey. A separate link will be provided where you can submit your email to be entered into the draw, or to participate in an interview. This email address will not be linked to your questionnaire. You can withdraw from participating at any point during the questionnaire by closing your browser. Once your questionnaire is submitted participation cannot be withdrawn because there is no identifying information collected. If you do decide to withdraw participation part way through you can still navigate to the end and submit your email into the draw.

You can take the survey by clicking here:

This study has been reviewed and received ethics clearance through a University of Waterloo Research Ethics Board.

Please read the attached Information Letter for more details describing the study. If you would like to participate, or you require additional information to assist you in reaching a decision, please contact me at wrauchdavis@uwaterloo.ca. You may also contact my supervisor at kelsey.leonard@uwaterloo.ca.

Sincerely,

Will Rauch-Davis
