Course Description

The course is an introduction to the study of macroeconomic principles, and their application to domestic and international macroeconomic policy. With a special emphasis on the Canadian economy, its goal is to introduce students to the economic theory so that they can analyze and synthesize specific economic issues such as economic growth, unemployment, and inflation. The course provides a consistent framework to understand the behavior of the main macroeconomic variables, such as, for instance, interest rates, exchange rates, consumption, investment, balance of payments, and budget deficits. It will also help students to understand how monetary and fiscal policies can be used to influence short-run macroeconomic conditions.

Course Goals and Learning Outcomes

Upon completion of this course, students should be able to:

• develop an "economic way of thinking";
• understand how to measure economic activity, unemployment and inflation;
• learn how to use economic models, theories and principles;
• understand fiscal and monetary policies.

Examination Policy

Missing a Midterm Due to Illness During the Term
The midterm exam schedule has been set and will not be changed for whatever reason. Missing a midterm will automatically result in a grade of zero for that midterm. If the illness can be documented with a UW Verification of Illness Form (the only acceptable document), with approval you may transfer the weight of the missed midterm to the final exam. This remedy is a privilege and not a right.

Missing the Final Exam Due to Illness
Missing the final exam will results in a grade of zero for the final exam. Please carefully read the Economics Department policy on deferred final exams for instructions. No deferred final exam will be provided for students who missed all the exams in this course.

Note: It is the responsibility of students to ensure that they write exams in the location, date, and time assigned to their section. Students writing exams in the wrong section will be assessed a 20% penalty on the final exam grade. There will be no accommodation for possible differences in exam material or content.

**Academic Integrity**
In order to maintain a culture of academic integrity, members of the University of Waterloo community are expected to promote honesty, trust, fairness, respect and responsibility. See the UWaterloo Academic Integrity webpage and the Arts Academic Integrity webpage for more information.

**Discipline**
A student is expected to know what constitutes academic integrity, to avoid committing academic offences, and to take responsibility for his/her actions. A student who is unsure whether an action constitutes an offence, or who needs help in learning how to avoid offences (e.g., plagiarism, cheating) or about “rules” for group work/collaboration should seek guidance from the course professor, academic advisor, or the Undergraduate Associate Dean. When misconduct has been found to have occurred, disciplinary penalties will be imposed under Policy 71 – Student Discipline. For information on categories of offenses and types of penalties, students should refer to Policy 71 - Student Discipline. For typical penalties check Guidelines for the Assessment of Penalties (https://uwaterloo.ca/secretariat-general-counsel/policies-procedures-guidelines/guidelines/guidelines-assessment-penalties).

**Grievance**
A student who believes that a decision affecting some aspect of his/her university life has been unfair or unreasonable may have grounds for initiating a grievance. Read Policy 70 - Student Petitions and Grievances, Section 4 (https://uwaterloo.ca/secretariat-general-counsel/policies-procedures-guidelines/policy-70). When in doubt, please be certain to contact the department’s administrative assistant who will provide further assistance.

**Appeals**
A decision made or penalty imposed under Policy 70, Student Petitions and Grievances (other than a petition) or Policy 71, Student Discipline may be appealed if there is a ground. A student who believes he/she has a ground for an appeal should refer to Policy 72, Student Appeals (https://uwaterloo.ca/secretariat-general-counsel/policies-procedures-guidelines/policy-72).

**Note for Students with Disabilities**
The AccessAbility Services office, located on the first floor of the Needles Hall extension (NH 1401), collaborates with all academic departments to arrange appropriate accommodations for students with disabilities without compromising the academic integrity of the curriculum. If you require academic accommodations to lessen the impact of your disability, please register with the AS office at the beginning of each academic term.

**If Using Turnitin in your Course**
Turnitin.com: Text matching software (Turnitin®) will be used to screen assignments in this course. This is being done to verify that use of all material and sources in assignments is documented. Students will
be given an option if they do not want to have their assignment screened by Turnitin®. In the first week of the term, details will be provided about arrangements and alternatives for the use of Turnitin® in this course.

Note: students must be given a reasonable option if they do not want to have their assignment screened by Turnitin®. See guidelines for instructors for more information.
