Course Description  
Macroeconomics is the study of overall or aggregate performance of an economy including growth in incomes, changes in the overall level of prices, the employment and unemployment rate. This course will introduce students to the basic concepts and theories in macroeconomics. The focus of this course is to understand the key macroeconomic variables such as gross domestic product (GDP), inflation, unemployment rate, nominal and real interest rate, savings, investment, and exchange rate and how these variables are influenced by both monetary and fiscal policies of the government. This course will cover both short run fluctuations in the economy (business cycles) and long run trends (economic growth). The macroeconomic theories will be used to understand the workings of different economies of the world with special emphasis on Canadian economy.
Course Objectives
After completion of this course, students will learn how macroeconomic models are build to explain the economy, the relationships among major macroeconomic variables in simple models; be able to make distinction between short run and long run; and finally evaluate the nature and impacts of economic problems and policies.

Required Textbook
My EconLab and the study guide are optional for the course.

Resources
Course related materials are posted on Learn at:
1171 ECON 102 Winter 2017
It is highly recommended that students attend the lectures and read the textbook.
Lecture notes are provided as a supplement to the text book. The content of the exams will be announced in class and on Learn. Students are responsible for visiting this site frequently.

Course Evaluation
Student evaluation for this course consists of two midterm exams and a final exam. Final exam will be comprehensive; it will include all materials covered during the term. The final exam date will be announced by the Registrar’s Office. The final exam period for Winter 2017 term is from April 7 to April 25. All students are expected to be available during the exam period to write the final exam. Travel plans are not acceptable reasons for requesting an alternative final exam. See http://www.registrar.uwaterloo.ca/exams/finalexams.html for details.

**Additional Information**

1. **Missing the Final Exam Due to Illness**
   - Missing the final exam is a very serious matter which automatically results in a zero mark for the exam itself and possibly a failing mark for the course. Read the department policy on deferred final exams [http://economics.uwaterloo.ca/DeferredExams.html](http://economics.uwaterloo.ca/DeferredExams.html)
   - No deferred final exam will be provided for students who missed all the exams (including the final exam) in this course.

2. **Missing a Midterm Due to Illness During the Term**
   - If a student misses a midterm due to illness and has valid documentation (approval required), the weight of the missed midterm will be shifted to the final exam. Without valid documentation the student will receive zero for the missed midterm.
   - Midterms will not be rescheduled under any circumstances.
   - Must notify me in person about missed exams as soon as possible.

3. **Submissions of Exam Papers**
   - Late submission of exam papers is not accepted and missed submission will receive zero marks for whatever reason.
   - Exam papers must be submitted in whole and on time in the exam room. Exam papers (a) not submitted on time or (b) submitted with missing pages or (c) submitted elsewhere or (d) not received at all will receive zero marks for whatever reason.

4. **Fee-Arranged Issues**
   Students are responsible for administrative matters concerning their course registration including fee arrangements. No make-up work or remedies will be given for losses of access to LEARN and academic consequences arising from administrative issues with the Registrar’s Office.

5. **Economic Clinic**
   The walk-in Economic Clinic offers free tutorial services to ECON 102 students (all sections). Check with LEARN, classes, and the department for availability.
6. **Classroom Protocols**
   - No private conversations in class will be tolerated.
   - Turn off all handheld devices and put them away for the duration of the lecture. Laptop computers may only be used to view lecture material.
   - Photographic devices are not permitted in class. This is a University regulation.
   - In order to maintain a learning environment in this classroom, I expect the highest level of courtesy and professional behaviour from every student.

**Institutional-required statements for undergraduate course outlines approved by Senate Undergraduate Council, April 14, 2009:**

*Academic Integrity:* In order to maintain a culture of academic integrity, members of the University of Waterloo are expected to promote honesty, trust, fairness, respect and responsibility.

*Discipline:* A student is expected to know what constitutes academic integrity, to avoid committing academic offences, and to take responsibility for his/her actions. A student who is unsure whether an action constitutes an offence, or who needs help in learning how to avoid offences (e.g., plagiarism, cheating) or about “rules” for group work/collaboration should seek guidance from the course professor, academic advisor, or the Undergraduate Associate Dean. When misconduct has been found to have occurred, disciplinary penalties will be imposed under Policy 71 – Student Discipline. For information on categories of offenses and types of penalties, students should refer to [Policy 71 - Student Discipline](https://uwaterloo.ca/secretariat-general-counsel/policies-procedures-guidelines/policy-71)

*Grievance:* A student who believes that a decision affecting some aspect of his/her university life has been unfair or unreasonable may have grounds for initiating a grievance. Read [Policy 70 - Student Petitions and Grievances](https://uwaterloo.ca/secretariat-general-counsel/policies-procedures-guidelines/policy-70), Section 4.

*Appeals:* A student may appeal the finding and/or penalty in a decision made under Policy 70 - Student Petitions and Grievances (other than regarding a petition) or Policy
71 - Student Discipline if a ground for an appeal can be established. Read Policy 72 - Student Appeals (https://uwaterloo.ca/secretariat-general-counsel/policies-procedures-guidelines/policy-72).
