

Fall 2024 TA Job Posting for ECON 332 International Finance

Please give a brief description of the course content or a link to the course outline:

Course is a third-year survey of the main issues in international finance. Topics include international borrowing and lending, intertemporal gains from trade, current account and balance of trade movements, the determination of exchange rates, and foreign exchange markets.

Any necessary knowledge or skills needed:

Needs knowledge of international economics, especially international finance; should be an experienced teaching assistant because this course is being taught using a student-centered modality.

Please fill out this chart as closely as you can for the TA duties and hours you predict the course will be using for the entire Fall 2024 term. This will be used as an estimation only. Graduate TAs are not permitted to work more than 140 hours for the term or more than 10 hours in any given week (70 hours or 5 hours a week for a ½ TA). When thinking of the duties you might have for your TA, we ask that you be mindful of this constraint and try not to come up against it. TAs own coursework comes first. Negotiations for a reasonable amount of time for returning marked assignments, etc. will occur as needed.
