

Fall 2024 TA Job Posting for ECON _____211 Marker_ (one section 65 students)

Please give a brief description of the course content or a link to the course outline:

Outline from last delivery – will have same structure and assessments:

<https://outline.uwaterloo.ca/view/n7szy3>

Any necessary knowledge or skills needed:

Good knowledge of calculus is the main requirement. The ability to interpret student answers on exams that are not exactly the same as the solutions provided by the instructor will be important.

Please fill out this chart as closely as you can for the TA duties and hours you predict the course will be using for the entire Fall 2024 term. This will be used as an estimation only. Graduate TAs are not permitted to work more than 140 hours for the term or more than 10 hours in any given week (70 hours or 5 hours a week for a ½ TA). When thinking of the duties you might have for your TA, we ask that you be mindful of this constraint and try not to come up against it. TAs own coursework comes first. Negotiations for a reasonable amount of time for returning marked assignments, etc. will occur as needed.

Duty	Estimated Hours for the Term or N/A	Brief description of unusual or especially time-consuming features of the duty, if any
Meetings with Course Instructor	4 hours	Consultations about exam solutions and student communication
