

Winter 2024 TA Job Posting for ECON 201

Please give a brief description of the course content or a link to the course outline:

The course will explore concepts of introductory and intermediate level economic theory. In particular, the course uses applied scenarios to make relevant select topics from economic theory to a business and policy context. Non-economics major students will take this class to learn more about how they can use economic thinking to greater understand their studies and careers in business and government.

Any necessary knowledge or skills needed:

Intermediate economic theory.
